Resolution to support the relocation of Jeffersonville City Hall

Whereas, the City of Jeffersonville has no equity in the City County building, has no binding lease with the county and with no knowledge of firm plans regarding the future location of Jeffersonville City Hall;

Whereas, the current building housing the Jeffersonville City government has many shortcomings including but not limited to parking, employee overcrowding, antiquated communications systems, poor audio/visual presentation facilities, poor functional design, and obvious age related wear and tear;

Whereas, at this time, the city council believes it is beneficial to effectively communicate its consensus to the citizens of Jeffersonville and to the Mayor on the subject of the relocation of the Jeffersonville City Hall;

Therefore, be it ordained that the city council believes it is beneficial to support the relocation of the Jeffersonville City Hall at the City's earliest convenience away from the city county building to a more accessible location and to a more accommodating building that is better designed for the day to day work of the city government of Jeffersonville.

This resolution is not meant to limit or support the relocation of City Hall to any particular location or building but rather to show the City Council's consensus to the citizens of Jeffersonville and to the Mayor for the relocation of City Hall away from its current location at the City County building.

Passed and adopted by the Common Council of the City of Jeffersonville, Clark County, Indiana, this ___ day of _____, 2004.
